

Effective January 1st, 2020

Description of Leisure Assistant's Pass Service (LA Pass)

The Leisure Assistant's Pass (LA Pass) is one way in which Recreation Integration Victoria (RIV) has been breaking down barriers for people with disabilities, and has been available for over 30 years through RIV. The pass was created to eliminate the financial barrier encountered by a person with a disability who requires an assistant by insuring a person who *requires* assistance is not paying double. On presentation of the LA Pass, an assistant is given free or reduced admission at participating venues. The pass is for the admission of one (1) person providing assistance to the person with the disability at a given time.

Recognizing that the Leisure Assistant may not be the same person each day (e.g. a volunteer, spouse, contract worker, parent, education assistant, etc.), the card is made out to the person with a disability. Those people supporting individuals with disabilities are reminded that LA Passes are the property of the person with a disability.

New Renewal Procedures Effective January 1st , 2020

Due to our funding changes, RIV will no longer be administering the LA Pass service. Effective January 1st 2020, Leisure Assistant's Passes will be available at all municipal recreation centres.

To obtain a new pass, or renew your old LA pass, you will need to contact your local recreation center. Refer to the table below to find your local recreation center and contact information.

Don't worry, your new pass will still have the same function as it always has! All the same venues that you've enjoyed using your pass at will still be accepting the new LA passes.

You may visit www.rivonline.org for details on changes to services, and we encourage you to call 250-477-6314 or email us at information@rivonline.org if you encounter any challenges with the renewal of your existing pass.
